KOBE.

KIRISIMA MARU.

April 5th 1938.-

The Registered Tonnages
of the above vessels are as
follows:-

NAME	GROSS	NET
"Tasmanian Maru"	11933	7195
"Tasmanian Maru"	5509	6034
"Tasmanian Maru"	7792	5579

On report No.10570, the Tokyo Surveyors stated, in February last, that the new gross and net tonnages of this vessel were 8340 and 5180 respectively.

In reply to an enquiry from this Office on 24th February and replied to from Kobe on the 5th April, the gross tonnage was given as 7792 and the net tonnage as 5579.

In view of the great disparity in these figures, I shall be glad if you will verify them and advise this Office.

At the same time the under-deck tonnage if available should be forwarded.
