6654, and the tonnage for fees as 6654. The Gross Tonnage Report 8298 with GROSS TONNAGE 6654 SPECIAL SURVEY FEE SHOULD BE FIVEHUNDRED FORTYNINE POUNDS TEN SHILLINGS PLUS ENTRY FEE TEN POUNDS PLEASE WIRE EXPLAINING APPARENT DISCREPANCY RENDER CORRECTED ACCOUNTS IF NECESSARY

COMMITTEE

Classed with R.I., it was agreed that the terms of the Agreement should not apply, and they were instructed to charge in these cases the full fee irrespective of the Agreement.

In these circumstances it is not seen how the Special Survey fee of Lire 35,000 charged by the Genoa Surveyors has been arrived at.

According to the scale in the Rules now in force, the fees chargeable would be as follows:-

Gross tons 6654.

Entry fee (per entry) ..... 5.00  
1500 tons at 1/- per ton ..... 15.00  
1501-3000 tons at 1/- per ton ..... 15.00  
3001-6000 tons at 1/- per ton ..... 15.00  
6001-10000 tons at 1/- per ton ..... 15.00

On the Special Survey Report the Surveyor has entered the Gross Tonnage as 6654.

from which it is assumed that the basis of exchange

of 75 Lire to the £. would be used.

about 50. Thus the fee would be about 50.

which would appear to be the correct fee.
