20th December, 1922.

Dear Sir,

In compliance with the request of Messrs. McKie and Baxter, of Glasgow, I have the pleasure to acquaint you that the Society's Surveyors at Glasgow report that the engines built by Messrs. McKie & Baxter (No. 1007) and boilers made by Messrs. A. Stephen & Sons (No. J. 27) were constructed under the Special Survey and to the satisfaction of the Society's Surveyors and were forwarded to Spezia.

Further, the Society's Surveyors at Genoa report that the above machinery and boilers have been satisfactorily fitted in the steamer "FULGOR" and that when the classification of the hull of the steamer has been completed, the machinery will be entitled to a record in the Society's Register Book of "LMC 12,22".

I am, Dear Sir,

Yours faithfully,

Copy P.M. Baxter. By
