Dear Sir,

In reply to your letter of February 27th respecting steamer "SHUNKO MARU", Rpt.No.2680, I have to state that the thickness of the middle line strake of inner bottom of this vessel is .50; the size of Stem Bar $10\frac{1}{2}$ " x $2\frac{3}{4}$ ", the butts of the upper Deck Stringer plate are treble rivetted, and the Collision Bulkhead is carried up to the Shelter Deck all in accordance with the approved plans.

I regret there items were not clearly stated in the First Entry Report.

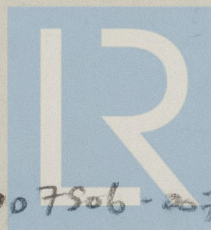

I am, Dear Sir,

Yours faithfully,

Arnold Bennett.

The Secretary,

LONDON.
