I enclose herewith Freeboard Certificate No. 12668 by the Society to above vessel, which has been cancelled vessel's withdrawal from class in 1915. The vessel was ed to class in 1928, the survey being carried out in nd, but apparently the freeboard section was not dealt nder the Society's Rules, the vessel carrying on under eeboard Certificate issued by the New Zealand Marine ment.

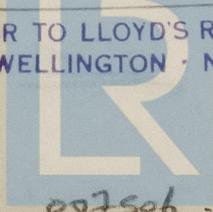

The Owners have approached me with reference to ing the Society's Freeboard and I have informed them it e necessary to have the vessel specially surveyed for the e, in the same way as a new vessel, and a complete Rpt. ade upon her, the Verification Rpt.12, being inapplicable s case. I may mention no structural alterations affecting eeboard have been made to the vessel since the original ard certificate was issued,

Will you please advise me if my interpretation on this is correct.

I am, Sir,
Yours faithfully,

David K. Blair
