

POSTPONED SURVEYS.

of the Steel S.S. "CHICAGO"

in Reg. Bk. 419/130 tons, Built 1908 - 3mc.

100A1 Owners Beoth Fisheries Co.,
Steam trawler
10,19
s.s.No.2-16 Port of Registry Chicago.
MC10,19: TS10,19

Special Survey No.3 due 3,20
Boiler Survey due 10,20

In February last the Seattle Surveyors stated they were informed by the Owners that it was not their intention to employ the vessel during 1921, but should they decide to do so they would give due notice so that the necessary surveys could be made.

In the circumstances the Committee deferred action in the matter subject to the usual undertaking being finished.

The Owners were advised accordingly and in reply they wrote on the 29th March:-

Replying to your letter of the 16th March in regard to the steamer "CHICAGO" which is laid up indefinitely at Seattle, we beg to advise it is understood that before we put this vessel into service again it will be necessary to have a survey made.

The case again received the consideration of the Committee on the 15th ultimo when they gave instructions that the Owners should be requested to furnish the full undertaking.

In reply to the further letter addressed to them the Owners now write:-

"Replying to yours of the 15th April regarding the steam trawler "CHICAGO", beg to advise we understand and agree "to have the boat surveyed before it is put into service"

In the circumstances the case is submitted for the consideration of the Committee.
