Stroke - 6"

Makers, Blake, New York.

The boiler was tested and marked

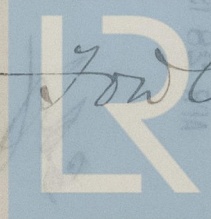

No. 6
LLOYD'S TEST
360 lbs
1-17-08. J.F.

The safety valves cannot be adjusted by washers, I am enclosing a cut the valves which will explain their construction.

I am mailing under separate cover the approved midship section of the vessel; also the approved plan of boiler. The profile and deck plans are not returned from the London office.

Yours faithfully,

James Fowler
