Lloyd's Register of Shipping
17 Battery Place
New York, N.Y.

Dear Sirs:

Re: S/S DELAWARE SUN
renamed SAXON STAR

Thanks for your letter of the 1st June in connection with the above vessel.

This vessel is operating under dual classification, first the American Bureau of Shipping, second, Lloyd's Register of Shipping. The new owners decided that the vessel be continued only under one classification, and selected the American Bureau of Shipping, this decision being taken because the vessel is U.S. built.

The new name of the vessel is "SAXONSTAR". The registered and managing owners are Traders Steamship Corporation, 80 Broad Street, New York, N.Y. Port of Registry is New York, and the vessel will be operated under the American flag.

We shall be very much obliged if you will list the vessel in your shipping register as being classed only by the American Bureau of Shipping. For your information, the "SAXONSTAR", ex "DELAWARE SUN", is now lying in Baltimore, passing her Special Survey. We shall be very glad to furnish on request any other information you may require in connection with this vessel.

The same owners are now negotiating the purchase of another ship with dual classification, built in England, and on this occasion we are very glad to say that we have their approval to maintain the Lloyd's Register of Shipping, and we are going to keep you posted as soon as this deal is concluded.

Yours very truly,

TRITON SHIPPING, INC.
