Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

21st December, 1920.

Dear Sirs,

With reference to the case of the steamer "FIUME",
"WAR GENIUS", recently built at Chepstow, and acquired
the Societa Riunite Florio Rubattino e Lloyd Italiano, I
to acquaint you that two donkey boilers made under the
ervision of the British Corporation Surveyors by Messrs.
hran & Co., Annan, have been placed on board.

If these two donkey boilers are intended for the
p's use, they must be fitted, and the safety valves
asted under the Society's Survey before classification
tificates can be issued. The survey for classification
otherwise complete, and as the vessel left the Newport
trict without this being done, I shall be glad if you will
e the matter up with the Owners and let me know what
angements can be made in the matter with a view to the
el being classed and a record of *LMC 11.20 assigned.

I am, Dear Sirs,

Yours faithfully,

Surveyors,

GENOA.

Secretary.
