

Tug "ARIEL"

A Boiler Survey became due in this case in March 1949 and on the 13th August a memorandum was received from the Bordeaux Surveyor stating he had received no reply to various enquiries made of the Owners on the subject.

A letter was therefore addressed from this Office to the Owners on the 17th ultimo and was sent to them through the Bordeaux Office, but up to the present no reply has been received.

It is submitted a <sup>registered</sup> ~~further~~ communication be addressed to the Owners stating that the case must be submitted to the Committee on the 28th October and that if no definite arrangements regarding the survey are made by that date the Committee will doubtless deal with the vessel's class without further notice.
