Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

22nd November, 1921.

Dear Sir,

A. I am in receipt of your letter of the 21st instant, enclosing one you have received from Messrs. I. J. Abdela & Mitchell Ltd., respecting the outstanding fees for the survey during construction of their Engines Nos.1437-8-9-40, the contents of which are noted.

I may say that in compliance with a request which was received from the Admiralty on the 16th instant a statement of these unpaid fees was forwarded to the Director of Navy Contracts, it being understood that in the circumstances they would arrange to pay the amount due, and deduct the same from the amount owing by them to Messrs. Abdela & Mitchell. I will not fail to advise you when payment is received, so that the certificates for the Drifters "FOAM" and "FOGBREAK" can be handed over to the Builders.

I am, Dear Sir,

Yours faithfully,

The Secretary,

LIVERPOOL.

Assistant to the Secretary.
