Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

10th May, 1930.

Dear Sirs,

M.

I have to inform you that the "Total under-deck Tonnage" which is given in your First Entry Report on the motorship "CHICHIBU MARU" as 17497.61 tons is obviously incorrect as this figure is also given as the "Gross" tonnage.

The figure required is the tonnage to the scantling deck, i.e. the deck corresponding to the moulded depth of 42'6".

It would appear that the tonnage of 8898.85 is measured to the deck below the scantling deck. You should therefore report the tonnage between this deck and the scantling deck in order that the correct records may be made in the Register Book.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

YOKOHAMA.
