# Lloyd's Register of Shipping.

71, Fenchurch Street, E.C.3.

ENCLOSURE.

18th June, 1947.

Dear Sirs,

Hopper Barge "MARY SOUTHWELL".

I beg to point out that under the new arrangements set forth in the enclosed print, a Special Survey should be held.

The Committee realise, however, that it may not be possible for you to arrange for such an inspection within the limited time now available, and while they strongly advocate this should be done if at all possible, they will not object to class continuance for a further short period on satisfactory completion of a General Examination. I shall, therefore, be glad to learn, for the information of the Committee, what arrangements you are able to make in the matter.

Yours faithfully,

Clerk to the  
Classification Committee.

The Wisbech Harbour Commissioners,  
Harbour Office,  
WISBECH,  
Cambridge.
