

S.S. "ELFSBORG"

This vessel has been partly surveyed for classification, but in view of the large amount of work remaining to be done to complete the survey, it is considered that the Society's Surveyors are not in a position to issue an interim certificate on Form B, as the vessel is practically an unclassified ship.

In view of the statement in the New York cablegram that the survey for classification will be completed on the vessel's return from Cuba to New York, the reports on the ship should be forwarded to them for their information and guidance.
