The Secretary,

LONDON.

Dear Sir,

With reference to the trawler "WILLIAM DOAK" No. 35485 in the Register book, which is about to be under survey at J.S. White & Co, Ltd., Cowes, for recondition, and L.M.C. I am informed that the machinery and boiler of this vessel were built at Sheffield and Glasgow respectively, and were built to class, although the vessel was built to the British Corporation. In consequence therefore, I will be pleased to know if this is so, and will be obliged if you will send down the first entry report on the case for reference.

We are, Dear Sir,

Yours faithfully,

pro The Surveyors

*J. Buchanan*
