29th October 1918

Dear Sirs,

With reference to the First Entry Machinery Reports in the case of the Admiralty "MERSEY" Type Trawler "WILLIAM DOAK", the Goole Shipbuilding & Repairing Co's No.223 vessel, I have to state that, as the Hull of this vessel has been constructed under the supervision of the British Corporation, you should prepare a certificate in conjunction with the Society's Surveyors at Sheffield and Glasgow in accordance with the instructions contained in my letter of the 16th March, and issue the same to the Classification Society concerned.

A copy of the certificate should be forwarded to this Office.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
