reference

M Dear Sir,

In reply to your letter of the 9th inst., with reference to First Entry Report No. 15674 on the Steel S.S. "Sunbank" and as requested therein, I beg to enclose plan shewing rivetting of keel and shell butts.

The Builders inform me that the question of standard rivet spacing to suit fabrications and multiple punch work was fully gone into and discussed with the Surveyors and Principals in the London office at various dates.

I am, Dear Sir,

Yours faithfully,

The Secretary,
LONDON.
