71, Fenchurch Street, E.C. 3.

12th November, 1919.

Dear Sirs,

With reference to your letter of the 8th instant, respecting the case of the new S.S. "SUNBANK" (ex "WAR BROSNA"), Messrs. The Burntisland Shipbuilding Co., Ltd., No. 101 vessel, I have to inform you with regard to the fees chargeable in this case, that as the special duties in connexion with the specifications as a Standard Vessel have been carried out to completion of the vessel, the fees chargeable will be the Standard fees at 1/4 per ton.

In this case therefore, the fee due for the survey of the Hull will be £137: 18: 3, and for the survey of the Machinery £68: 19: 1. You will be good enough to render accounts to the Builders and Engineers accordingly.

The proportion of the fee chargeable for the survey of the boilers is £17: 4: 9, and if Messrs. Douglas & Grant, the Engineers, are not liable for this fee, the account to be rendered to them will be for £51: 14: 4, and the boiler fee of £17: 4: 9 should be claimed from Messrs. Babcock & Wilcox Ltd.

I am, however, writing the Glasgow Office on this point, and requesting them to let you know how the matter stands.

I am, Dear Sirs,
Yours faithfully,

Secretary.

The Surveyors,
LEITH.
