Lloyd's Register of Shipping.

Port YOKOHAMA.

29th March, 1940.

This is to Certify *that I have*
part
Surveyed the Boilers and Machinery of the Single Screw
Motorship "HOYO MARU", 8692 tons gross, of Tokyo,

and that I have transmitted to the Committee of Lloyd's
Register of Shipping, London, a Report stating that all
recommendations made by me in connection therewith have
been carried out to my satisfaction, and that I have

Recommended *that the record of D.B.S. 3-40, and Tail*
*Shaft (CL) seen 3-40, now and * L M C - C S with date,*

be made in the Register Book in the case of this vessel when
the survey has been completed.

Parts now examined:—

See attached sheet.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
