ENCLOSURES.

4th January, 1940.

Dear Sirs,

I send herewith the deferred reports and attached correspondence relative to the steamer "TANAIS", from which you will observe that to complete the survey of the electrical installation new fuses require to be fitted on the Main Switchboard.

It was understood that this work would be attended to on the vessel's arrival in the United Kingdom, and I am now informed by the Chief Engineer that the vessel is leaving London for Swansea today, where the matter will be put in hand.

In the circumstances I shall be glad if you will give the case the necessary attention. The enclosed documents, together with your report, should be returned to the Wokingham Office in the usual way.

I am, Dear Sirs,  
Yours faithfully,

The Surveyors,  
SWANSEA.

Secretary.
