

Lloyd's Register of Shipping.

Port Rouen

2nd October 1939.

COPY.

This is to Certify that I have

inspected the "Nicole Schiaffino" (N^o ~~30422~~ in RB) 4974 tons
gross, of Algiers on the 29th September 1939 & subsequent date
when she was on the stocks at Rouen

that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report, stating that all repairs recommended by me have been completed to my satisfaction, and I have Recommended that she be as far as now seen, in as good a state as possible in my opinion to remain as classed without fresh record of survey, SUBJECT TO 30 meters of stud chain cable being replaced at the next convenient opportunity, main funnel being renewed on vessel's arrival at Algiers, and cable lifters P & S being renewed or repaired later than end of November. She is fit to carry dry & perishable cargoes.

J. MacGowan

Surveyor to Lloyd's Register.

This certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that: The Committees of the Society use their best endeavours to ensure that the functions of the Society are properly carried out. It is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
