Dear Sir,

Petters Machinery for Hawthorn Leslie's  
No.591.  
-----

We beg to acknowledge the receipt of your letter of  
the 13th December regarding the above machinery.

With regard to the question of the independent power  
pump being arranged to draw from the sea and deliver water on  
deck it is understood that this arrangement will be provided for  
but we are unable to confirm this, as being definitely fitted  
in the vessel owing to the machinery being installed at another  
port. Messrs. Petters have, however been again communicated  
with on this point and we shall forward the information  
immediately on receipt.
