

s.s. "DUDDING<sup>S</sup>TON" to be re-named "OSMUSSAAR"

-----

A Representative of Messrs. Scheuer Bros. (London), Ltd., called and stated that this vessel is now at Leith where she is being transferred to the Estonian Flag and will be re-named "OSMUSSAAR" with port of registry Tallinn. As the vessel will only be at Leith for a short time he asked that an Estonian Freeboard Certificate might be sent to the Leith Surveyors tonight for issue to the ship. *MS. 7/5/36*

It is submitted the Leith Surveyors be advised and requested to verify the freeboard markings, arrange for the lettering to be altered to correspond with Estonian Law and also carry out an Annual Freeboard Survey. An Estonian Certificate should also be sent them for issue to the ship when the survey has been completed.
