14, Rue de Fontenelle,

Rouen, 23rd May, 1933.

CLATER,  
FOR.

S.S. "NORMANVILLE", Number 68618 in Register Book.

Dear Sir.

With reference to your letters of 16th and 17th instants respecting the Convention freeboard for the above vessel. I beg to state nothing was done while the vessel was again at Rouen. However, I left a letter, in the French language, on board clearly setting forth what is required. The steamer is now on her way to Konigsberg where the work will be carried out, and I have therefore advised the Surveyor at Danzig and forwarded your assignment letter together with the Convention freeboard certificate, in duplicate, for issue if the conditions have been complied with. The Owners have also been informed.

I am, Dear Sir,

Yours faithfully,

D. J. Smith
