to Chief Surveyors

Received from Chief Surveyors

SEL'S NAME Steel Sc. "FORMMOST VII"

Report

Off.

No. 45915.

For the CHIEF SHIP SURVEYOR and CHIEF ENGINEER SURVEYOR.

(In cases which have to be submitted to the Classing Committee "the endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

re of Survey

When due

This vessel was recently examined in dry dock at Cardiff and fresh record of survey was assigned on the 20th instant without special condition.

It would appear, however, from a letter now received from the Surveyors that a bower anchor is missing.

It is submitted the vessel appears worthy to remain as classed without record of survey, subject to a bower anchor of proper weight and test being placed on board.

As now, Subject etc.
