Tampico,

Mexico.

Dear Sir,

13.10.24.

Navagadora Barges Nos. 75, 76, 77, 78, 100, 101, 102, 103  
and 104.

These barges are operated by the Tampico Navigation Co.  
of this port in the carrying of crude petroleum on the Panuco  
River

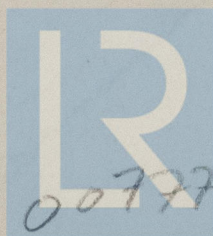

I am informed that the actual ownership of these barges  
lies with Tankers, Ltd, 57-41 Gracechurch Street, London.

During the past several months I have approached the  
local agent of the Tampico Navigation Co. at several times to  
learn if possible this wishes of the Owners as to the maintainance  
of classification but without success.

As is customary in almost every instance in this port  
the local manager has practically no authority in such matters.

I would respectfully suggest that definite information  
can be obtained from Mr. John Hatfield, care of Tankers Ltd. as to  
the wishes of the Owners.

(sgd) Verne Dyer.
