14th October, 1927.

Dear Sirs,

With reference to the 4th Special Survey N°3 which became due in August 1926 on the barque "ALASTOR", I have to acquaint you that this vessel has been laid up at Helsingborg for some time past and that on the 2nd ultimo the Owner was communicated with from this Office with a view to his furnishing the usual undertaking in the case of a vessel which is laid up and which is considerably overdue for survey. No reply has yet been received to this communication, and in the circumstances I shall be glad if you will endeavour to obtain the requisite undertaking and forward the same to this Office as soon as possible.

I am, Dear Sirs,

Yours faithfully,

pro Secretary.

The Surveyors,

OSLO.
