No. 444

S.S. "LUCIA VENTURI"

ex "Cava"

This vessel was constructed in June, 1941 for the Admiralty and classed ~~X~~100A- Steam Trawler 'For Government Service' in the Ghost Book.

The vessel was subsequently purchased by Italian owners and adapted for deep sea salvage. The question of classification in the Society's Register Book has been under consideration for some time, but the Genoa Surveyors now write that the Owners no longer intend to class the vessel.

It is submitted the Class of this vessel be deleted from the Ghost Book and her particulars transferred to the Register Book as a disclassed ship.
