SUNDERLAND.

7th. August 1925.

M. Robertson

Messrs. Reay & Usher Ltd., Hylton, Nr. Sunderland, attend at their works on the 11th March 1913 for the purpose of inspecting, during the process of forging, a Propeller Shaft 3 $\frac{3}{4}$ " diameter to the order of Messrs. C. D. Holmes & Co, Hull and intended for the Tug "YEWGARTH".

The above shaft was made from scrap iron. It was examined when rough <sup>Forged</sup> ~~turned~~ and was, as far as could be seen, free from defects.

Mark on Forging.

No. 5456
