Dear Sirs,

With reference to Rotterdam First Entry Report No.

12276 on the Motor Vessel "RHEA", I have to request that you will state whether the size of the stiffeners on the after peak bulkhead are correctly given on the Report in view of the size on the approved profile, and whether the centre girder brackets are $8\frac{1}{2}$ m.m. as approved.

At the same time I shall be glad if you will furnish particulars of the drop test, weight of head, etc., of the bower anchors, if this information is available.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

ROTTERDAM.

Secretary.
