Lloyd's Register of Shipping,

High Close, Wiltshire Road,

Wokingham, Berks.

30th November, 1939.

Dear Sirs,

S.

I am in receipt of your report No. 50372 giving particulars of the drillings taken in the case of the steamer "MARE", and may say that the drillings as reported will be approved on the understanding that you are satisfied as to the efficiency until the next Special Survey of the Bridge port side plating reported to be .33" in thickness.

It is concluded that arrangements are being made for the saddle back coaming as per Special Reasons List to receive attention.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,

HULL.
