L L O Y D ' S R E G I S T E R O F S H I P P I N G .

P o r t o f A L G I E R S . (N . A .)

7th April, 1947.

This is to Certify that I have
Surveyed the Boiler and Part Machinery of the French Screw Steam
Tanker "M I L I A N A", 813 tons gross register of ALGER, on the 1st
April, 1947 & subsequent dates, as she lay on the blocks in No. 1 Graving Dock
and subsequently afloat, in the Port of Algiers, for Screw Shaft and Occasional
Boiler Surveys,
and that I have transmitted to the Committee of Lloyd's Register
of Shipping, London, a Report stating that all recommendations made
by me in connection therewith have been carried out to my satisfaction,
and that I have RECOMMENDED that the present record of "+LMC12,44" be
retained, and the notation "Tail Shaft (CL) seen 4,47"
be made in the Register Book in the case of this vessel.

(Sgd.) R. J. VAN DAM.

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the Rules and Regulations of the Society,
which provide that:-

"While the Committee use their best endeavours to ensure that the functions of the
Society are properly executed, it is to be understood that neither the Committee nor
Society are under any circumstances whatever to be held responsible for any inac-
curacy in any report or certificate issued by the Society or its Surveyors, or in any
entry in the Register Book or other publications of the Society, or for any error of
judgment, default, or negligence of the Committee or any Member thereof, or the Surveyors,
other Officers or Agents of the Society."
