CATENIFICIO Ing.CARLO BASSOLI & Co. - LEGHORN.

Trieste, 7th April 1926.

Messrs.

Lloyd's Register of Shipping

Trieste

With reference to our interview with your Mr.N.G.Turnbull we have to inform you that in compliance with your request we have notified our Trieste clients the temporary change in the procedure of testing the chain cables intended for the local shipyards.

The above gentleman declared that they raise no objection as to the procedure of the tests and that they leave ample faculty to the Registration Societies as to the modalities with which the tests are to be carried out.

Trusting the above will meet your requirements, we shall be glad to receive the certificates in question.

We are, &c.

(Sgd) L.Bassoli
