It is submitted the Surveyors be informed it is concluded  
sparring or lining and a well with hand pump suction have been fitted  
at the collision bulkhead as in the "VIRGEN DE LA LUZ" and that the  
remaining requirements of Section 20 of the Rules have been complied  
with where applicable, but they should state if this is so.

See  
End  
30.5.46

They should be requested to furnish the scantlings of the  
flat plate keel angles of the middle line keelson.
