AND

S/S Tug "CROISIC"

Dear Sir,

As a complement to my report 8 N°35 of the 9th inst. I must say the equipment letter of this tug has been now completed.

The rules, I think, specify 2 anchors of 255 kg each and 110m of 22m/m cable chain.

S. Hall 53

She has two anchors weighting 267 and 269 kg respectively and 210m of 22m/m cable chain.

It is all new and will be tested, as per rules, at the beginning of next week.

So I propose to do away with the reserves of my report.

$\frac{7}{8}$

Yours faithfully:
