Lloyd's Register of Shipping.

Port of N A N T E S

4th October 1948

This is to Certify that I have

Surveyed the Boiler and Machinery of the steel s/s "CROISIC",
129 gr. tons, of St-Nazaire, whilst lying afloat and in dry-dock

in the Port of St-Nazaire, on the 26th August 1948 & subsequent dates,

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

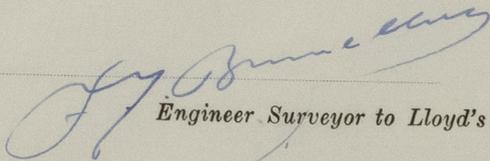

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

MS 9.48 and DBS 9.48

Recommended that the record of _____

made in the Register Book in the case of this vessel.

Engineer Surveyor to Lloyd's Register.

ertificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
he Committees of the Society use their best endeavours to ensure that the functions of the Society are properly
to be understood that neither the Society nor any Member of any of its Committees is under any circumstances
held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any
Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its
any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
