

## LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

Port of Bergen

18th January, 1951.

This is to Certify that

B. S. Witowski

the undersigned Surveyor to this Society did at the request of the owners' agent Vilhelm Ravn, Esq., Odda, examine on 18th January, 1951, the steamer "CAPTAIN FARMAKIDES" 7176 Tons Gross of Syra, whilst lying afloat at Odda after touching ground on 15th January, 1951 at Odda.

Having examined her as far as practicable afloat, sounded her and considered the diver's report, she is, in my opinion, in a safe condition to prosecute her voyages and a report to this effect is being forwarded to the Committee of Lloyd's Register of Shipping, London, recommending that she remain as now classed without fresh record of Survey, subject to special examination of bottom plating next dry docking.

B. S. Witowski /

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that :-  
 "While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or in any circumstances by its Surveyors, or in any way by the negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
