As a result of a satisfactory General Examination of the vessel in dry dock at Rio de Janeiro in June last, postponement of Special Survey until the end of October last was approved by the Committee.

On the 9th October the Rio de Janeiro Surveyor stated he understood it was the intention of Lloyd Brasileiro to return this ex-Italian vessel to the Italian Government in the near future.

The Rio de Janeiro Surveyor now writes that the Technical Superintendent of Lloyd Brasileiro informs him that the vessel has now been handed over to the Brazilian Government for disposal to Italy, and that it is not their intention to carry out any further surveys.
