

List of spare gear.

M. V. "RIALTO"

- 1 cast iron propeller
- 1 tail shaft

Main Engines.

- 1 cylinder cover complete with valves, seats, springs, etc.
- 2 starting valves complete
- 1 exhaust valve complete. 2 exhaust valves seats.
- 2 induction valves complete
- 2 safety valves complete
- 4 fuel valves complete. 3 fuel valve stems
- 1 cylinder liner.
- 1 piston complete with rings, studs, etc.
- 2 sets piston rings
- 6 pairs telescope pipes for piston cooling
- 1 pair main bearing bushes
- 2 main bearing studs and nuts
- 1 pair crank pin brasses
- 2 bottom end bolts and nuts
- 4 top end brasses
- 4 top end bolts and nuts
- 1 set coupling bolts for crank shaft.
- 1 set " " " interm "
- 6 pads for thrust block
- 1 set of working parts for fuel pump.

Main compressor.

- 1 pair main bearing bushes
- 2 main bearing bolts and nuts
- 1 pair crank pin brasses
- 2 bottom end bolts and nuts
- 1 gudgeon pin bush
- 1 complete set of piston rings
- 1 set of suction and delivery valves
- 1 safety valve spring for each stage
- 1 complete coil for 3rd stage cooler

Main Bilge Pumps.

- 1 set of suction and delivery valves.

Auxiliary Diesel engines.

- 2 exhaust valves complete with springs, seats, etc.
- 1 cylinder and cover
- 3 fuel valves complete
- 3 fuel valves stems
- 1 induction valve
- 1 safety valve
- 1 starting valve
- 2 crank pin brasses
- 2 bottom end bolts and nuts
- 1 gudgeon pin
- 1 " " bush
- 2 main bearing bushes
- 2 " " bolts and nuts
- 1 piston complete with rings. 4 sets of piston rings.
- 1 set of working parts for fuel pump.

Auxiliary engine compressors.

- 2 bottom end bolts and nuts
- 1 complete set of suction and delivery valves
- 1 cooling coil for 3rd stage cooler
- 1 set of piston rings complete.

Pumps.

- 1 set of valves for ballast pump
- 1 " " " " bilge "

Donkey Boiler.

- 1 safety valve spring.

Deutz engine.

- 1 cylinder cover.
- 3 fuel valves
- 1 starting valve
- 1 pair main bearing bushes
- 2 main bearing bolts and nuts
- 1 pair crank pin brasses
- 2 bottom end bolts and nuts
- 1 piston
- 1 set piston rings.

A quantity of assorted bolts and nuts. Lengths of pipe suitable for fuel, blast and starting air services, with unions and flanges.
