FREEBOARD REPORT on the

"Zephyr" ex "Deva"

It is submitted copies of the freeboard reports be forwarded to the Afo. Surveyor as desired.

Before sending the freeboard certificates it is further submitted that the Afo. Surveyor be requested to state whether timber deck cargo freeboards are desired and if so he should satisfy himself that the bulwark stays are efficiently secured to the Stringer plate and that the efficiency of the bulwarks is not impaired by attaching the lashing for timber to the shackles in the bulwark stays. If the case is urgent the Surveyor should advise this office by cable.
