Dear Mr. Gilmour,

I am in receipt of your letter of the 29th instant regarding the freeboard assignment for the S.S. "LEVENSAU", and note that the Owners are now fitting hinged doors to the bridge front openings.

You are quite right: the percentage for erections should now be taken under paragraph 11. This will make the freeboard 1'-6", provided a gangway for the crew is fitted over the well, but if the gangway is not fitted, an addition of one per cent of the moulded depth must be made, in which case the freeboard would be 1'-8".

Please let me know regarding this, in order that I may have new reports prepared to place before the Committee.

With kind regards,

Yours faithfully,

W. L. Gilmour, Esq.,  
MIDDLESBROUGH.
