ENCLOSURE.  
-----

25th April, 1921.

Dear Sirs,

I duly received your letter of the 22nd instant regarding the closing appliances fitted to the bridge front in the case of the Steamer "LEVENSAU", and in reply thereto I have to inform you that the closing appliances reported for the bridge front bulkhead fall under class "B", and the freeboard is assigned accordingly.

At the same time I have to point out that if these appliances are removed and class "A" appliances fitted, the freeboard would be  $3\frac{1}{2}$  inches less.

The usual printed letter of assignment is enclosed herewith.

I am, Dear Sirs,

Yours faithfully,

Secretary.
