

With reference to surveys carried out at Archangel, where the Society has no Surveyor stationed, the view of the Deputy-Chairman is that in cases where it is desired to hold surveys there Owners should be informed that the Society has no Representative at Archangel, and that unless they are ~~able~~ able to make arrangements for such surveys to take place at some other port where the Society is represented by a Surveyor, the vessels must drop out of class.

RAM.
4th November, 1925.

Noted
To bring out in all cases of vessels requiring Survey at Archangel

B.H.
4/11/25

For Mr. S.A. Hill to note.
