18th January, 1929.

Dear Sirs,

I am in receipt of your letter of the 17th instant, respecting the freeboards of the hopper dredger "CHUN PING", and the contents have been duly noted.

The arrangements proposed for the voyage to China appear to be in order, but I have to point out that all minor details should be arranged in association with Mr. Munro.

On completion of the vessel for the voyage you should forward a report giving a statement in detail of all the preparations made, together with a statement that these preparations have been carried out to your entire satisfaction. This report should be signed by both Surveyors concerned.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

LEITH.
