Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Enclosure

5th December, 1933.

Dear Sir,

I am in receipt of your freeboard report C.11 in respect of the Oil Barge "MANUEL RIONDA", and with regard thereto have to say that the lengths of the erections ~~disputed~~ differ considerably from those reported by you for the sister vessel "W. E. OGILVIE", and that the lengths given by you for both these vessels differ from the particulars originally reported when the ships were built.

In this connexion I enclose herewith a sketch showing the length of the erections as reported when the ships were built, and I shall be glad if you will verify the lengths on the actual ships in order that freeboards may be assigned for the "MANUEL RIONDA", and that those assigned for the "W. E. OGILVIE" - assignment letter 14th August last - may be modified, if necessary.

I am, Dear Sir,

Yours faithfully,

T. F. Holmes, Esq.,

HAVANA.
