

s.s. "MANUEL RIONDA"

Self propelled barge

It is submitted the Havana Surveyor be informed that before freeboard certificates can be issued, it will be necessary for this vessel to be surveyed in accordance with the International Convention Regulations.

The usual extracts from Form 11b. should be sent for his guidance in carrying out this survey and he should forward full particulars on Form C.11, together with the usual Request Form signed by the Owners.

The Surveyor should be reminded of the Secretary's letter of the 2nd instant with reference to the form of freeboard certificate which it is proposed to issue to Cuban vessels if the Government authorize this Society to issue such certificates on their behalf, and his reply to that letter is awaited.
