I am directed to acquaint you that, in accordance with a recent decision of the Committee to revert to the Special Survey arrangement of class maintenance, except for tankers, a Special Survey is now due on the above-named vessel and should be put in hand before the end of **next month**.

I shall therefore be glad to learn, for the information of the Committee, what arrangements are proposed to be made in the matter.

I take this opportunity to remind you that the wood sheathing and wasted deck plating requires to be specially examined by the end of next month.

I should add that the Special Survey was commenced in October last by the drilling of the shell plating.
