S.S. "WAR DIRK".

Messrs. The Caledon Shipbuilding & Engineering Co's
No. 260.

A letter has been received from the Dundee
Surveyors stating that the framing of the machinery space
has been fitted ^{of} 9 x 3½ x .44 Bulb Angle, the scantlings
required for frames in way of the main deck.

It is submitted that this size of frames could
be approved, as a strong beam is fitted in the machinery
space at about ^{the} ~~a~~ half height in place of the web frame
which is usually fitted at this part.
