6th March 1922.

Messrs. George Brown & Co.,
Garvel Shipyard, GREENOCK.

Dear Sirs,

S.S. TERNEUZEN.

With reference to the omission of the bulkhead
in the forehold, the reason why it is wished to dispense
with it is because it interferes with the stowage of long
cargo, such as timber, steel beams, etc.

Yours faithfully,
CARTER & HARRISON, LTD.

William C. Carter

Consulting Engineers to the Owner.
