

20th April, 1942.

Dear Sirs,

S.

I have to acquaint you that the particulars of the steam trawler "CORCYRA" were omitted from last year's edition of the Register Book at the request of the Admiralty in view of the fact that at that time the vessel was not expected to return to commercial service.

From a document now received from the Registrar General of Shipping, it appears that the vessel has now been transferred to the Ministry of War Transport and is to be managed by Mr. Stanley L. Tottle of Messrs. Newton, Tottle & Wilson Ltd. Exchange Buildings, Bowlalley Lane, Hull. In normal circumstances, her particulars would be re-entered in the Register Book but, as regards her class, she is now overdue for General Examination, Boiler Survey and Screwshaft Survey; and I have accordingly to request that you will get in touch with the new Managers and ascertain their intentions as regards maintenance.

Please arrange for this to have early attention as the Reprint of the Trawler Section of the Register Book is now in hand.

I am, Dear Sirs,
Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
HULL.
